

The definitive guide to all project managers

What the f[REDACTED] is security

How to ignore it and deliver your project

O'RELY

Awn Thyme

Why Security?

- Internet of Things
- Cloud
- Big market & not enough human resources
- Fun

Why Privacy?

- Freedom of Thought and Speech
- Freedom of Social and Political Activities
- Respect for Individuals
- Limit control of governments

*“In **today's connected world**, it is unfortunately becoming a question of "**when**" rather than "**if**" some sort of data breach will occur”*

Τι είναι το ThessSec?

Με τι θα ασχοληθούμε

Privacy:

- OTR
- HTTPS
- GPG
- Cryptocurrencies

Security:

- PenTesting Lab
- Capture the Flags
- Wargames
- Hardware

...and more

Create a Community

The Bigger Picture

- Ομιλίες - **όποιος θέλει!**
- Παρουσιάσεις από security professionals
- This week in security
- Workshops

The Bigger Picture
